Try and Be Good-Humores and Carefully Avoid the Seductive Ice.

Now that Old Probabilities has turned on the hot weather with a firm hand and a fervid disposition, people will be inquiring how to keep cool.

As a matter of fact, common-sense persons need no advice on the subject. They are cool under all circumstances and conditions, unless it is when they run to catch a street-car that has been sent off by a time-keeper who has no

The loss to the bank may reach \$100,000. It is said that Bradley and Charles W. Palmer discounted notes without the knowledge of the directors, and it has covered a space of several years. Palmer has been arrested also.

The card was issued yesterday afternoon by ex-Governor Bigelow, president of the Merchants' National Bank:

To the Public: Certain irregularities have been found in the bank involving the cashier and assistant teller. There will probably be a considerable loss to the bank, which will not, however, impair its capital. It is not yet ascertained whether those officials have been the beneficiaries of these irregularities, but notes have been discounted which were not presented to the board of directors for their approval, and the loss on this kind of paper can not at this moment be

Mr. Bigelow subsequently said: "I do not think that the entire surplus (\$100,000) will be lost, and hope that it will not exceed half that amount." Teller Palmer has made a full confes-

sion of all the transactions. Palmer is interested in the manufacture of patent medicine, and one story current is to the effect that he borrowed considerable money to extend his business, and, being unable to meet his payments, tided over by discount notes for the parties of whom he had borrowed money. This practice, it is stated, was discovered by Cashier Bradley, but Palmer induced him to keep it quiet, promising to take up the notes as fast as they became due. Failing to do this other notes were discounted until the cashier and teller became deeply involved and were compelled to keep quiet for their own safety. The general opinion last night was that the affair was much worse than the bank officials care to admit. Cashier Bradley spent last night in the sheriff's office and Palmer was at his own home in charge of a deputy. Bradley is about fifty years of age and is very popular. He was prominent in church circles and was also prominent in military circles. Palmer is about forty years old and has been with the bank nearly twenty years.

They Are Not Quite ... sad as Bishop Pobter Seems to Think. It is natural, perhaps, that a Bishop of the Episcopal Church, even in America, should put a particular stress on the virtue of good breeding. In his traditions, imported with his ecclesiastical garments from England. he is essentially of the nobility, among whom refined manners count for more than almost any thing else. Emerson found the essence of religion in En-

gland to be good breeding. So perhaps it was natural that Bishop Potter, in looking over the record of a century, should pay attention mostly to that in which he has most interest. He finds that a Bishop is not as great a dignitary as he was a hundred years ago. Even Sydney Smith confessed his awe of a Bishop. When he sat next a Bishop at table, he was nervous and rolled a bread crumb be-

tween his fingers; and when he sat next an Archbishop he rolled two. No Bishop is awe-inspiring now, at least in this country. Not instantaneously, it is true, but in a short space of time, persons of a bilious habit are saved from the tortures which a disordered liver is capable of inflicting, by Hostetter's Stomach Bitters, an anti-bilious medicine and aperient of the first rank. The pains in the right side and through the right shoulder blade, the sick headache, nausea, constipation and saffron hue of the skin, are entirely removed by this estimable restorative of tone to the organs of secretion and digestion.

HARD water is wasteful of soap, because it contains lime salts, which form an insoluble compound with the soap, thus rendering a part of it useless.

That Offer of \$5,000.

Our readers will doubtless call to mind the offer so widely advertised for the past ten years by H. H. Warner & Co., the proprietors of Warner's Safe Cure and Warner's Log Cabin Remedies, that they would pay \$5,000 to any person who would prove to an mpartial referee that they had ever published a testimonial that was not genuine so far as they knew.

This offer had the ring of honesty about t, and as the matter has an especial interest just now we give a copy of the offer as it appears in the Messrs. H. H. Warner & Co.'s pamphlet:

AN OFFER OF \$5,000.00. Every Testimonial published by us is Bona Fide, and, so far as we know, is ab-obitely trus. To any one who will prove the contrary to an impartial referee we will give H. H. WARNER & CO. \$5,000.

anding, without any apparent relief. In 6 I was advised to try Warner's Safe Cure, and after having used fifteen bottles of it I was completely cured, and am happy to state that I have never felt the disease since NEWARK, N. Y., June 20, 1838.-Last winter I was attacked with severe kidney diffi-

mony as the above. The offer is genuine. In fact Messrs. H. H. Warner & Co. have always requested that doubters should write direct to persons giving testimonials, (inclosing stamp,) and who are of necessity, in the great majority of cases, totally unacquainted with the firm.

Is it any Wonder that Dr. Pierce's Golden Medical Discovery outsells ali other blood and liver medicines, since it possesses such superior curative properties as to warrant its manufacturers in supplying it to the people (as they are doing, through druggists) under conditions such as no other medicine is sold under, viz: that it must either benefit or cure the patient, or the money paid for it will be promptly returned. It cures all diseases arising from deranged liver, or from impure blood, as biliousness, "liver complaint," all skin and scalp diseases, salt-rheum, tetter, scrofulous sores and swellings, fever-sores hip-joint disease and kindred ailments.

"PRISONER, the evidence shows that you orutally assaulted the complainant. Have ou any thing to offer in extenuation?" Prisoner-"No, sir; my lawyer took all the

money I had." Physicians are justified in denouncing proprietary medicines which claim to cure every thing. A medicine, for instance, that will cure rheumatism in one person, will not necessarily cure it in another, for the condition causing it may be different; but Ma'aria is always Malaria, and Shallenberger's Antidote will destroy it in the system n every case. If you are suffering from Malaria you will know it, and this medicine will certainly cure you. Sold by Druggists.
